

In reply to your request for a Material Safety Data Sheet for Maharam products, please be advised that under OSHA Federal Hazard Communications Standard, textiles are "articles" and as such are exempt from its provisions (as per 29CFR1910.1200 (b)(6)(v)).

As defined by OSHA Standards for General Industry (29CFR1910.1200(c)), an "article" means, "a manufactured item: (I) which is formed to a specific shape or design during manufacture; (II) which has end use function(s) dependent in whole or in part upon its shape or design during end use, and (III) which does not release, or otherwise result in exposure to a hazardous chemical under normal condition of use."
