

Maintenance Guidelines

Ballast

283814

maharam

Regular Maintenance.

Using mild soap or detergent, machine wash on synthetic setting with a high water level and mild agitation. Temperature should not exceed 140°F. Extract gently. Do not use fabric softener. Wash with like materials.

Air or cabinet dry only. Do not tumble dry.

If necessary, machine wash with a diluted bleach solution.

Hand Iron

Iron at low heat setting (275°F) with a damp press cloth or steam iron with a dry press cloth.

Grid Head Press

Press for short intervals with minimum steam. Do not lock head.

Flat Bed Press

Press dampened drapery using cloth covering.

Avoid prolonged contact with heat.

Notes

The information above is a guide to help in the maintenance of Maharam textiles. Maharam can neither guarantee, nor take responsibility for specific results.

Under no circumstances shall Maharam be liable for any incidental, consequential, or other damage resulting from negligence, misuse, mishandling, or exposure of any chemicals used in connection with maintenance. Information relating to chemicals/cleaning solvents, environmental use, and human exposure should be reviewed with appropriate suppliers. All label instructions on their use and precautions should be followed.
