Environmental

Greenguard and Greenguard Gold Certified
Contains Bio-Based Materials
FR Free
PFAS-Free

Brief

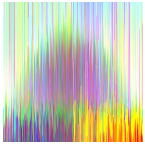

Skywiper 122's hallucinatory suffusion of color was created by infecting a digital photograph of a painting with Skywiper, a computer virus created as part of a joint cyber espionage effort by Israel and the United States. Through randomized striation, Hoff references the inherent disorder of technological communication and the ways in which destruction is often self-inflicted unknowingly by participants within digital networks.

Warranty

3 years.
